55. The letters referred to in yester-day morning's Appear, stating that Gen. Forrest had arrived at Vera Cruz, were to the New York Herald. We have reason to believe that the information over to the lander merales of chartered to market before the plant attacks them. Vaccination is being the probabilities as a preventative. It is probable

in the address to the Senate, Parkstyring in the specified "I'm bit, your office" will probably be add to publish the proper deficiency and smithly assessed to the specified as an international of the same and the training of a man briting of a

The startling frequency of explosion preventive, if there be one, may be dis- Khorsessa dal not more facely lead the be- Committee will not be adopted.

The Internal Revenue receipts to-day and people generally regard the matter of the seminary of our responsibility of the Amuse of the seminary of our responsibility of the Amuse of the seminary of the semin

than in the illimitable and unknown boundary of electrical action.

One invariable condition is found to airend these territise explosions—and that is, the entire absence of water, or steam in sonlinary exhibition, in the boliers which explode. We venture the opinion that there is not an instance on record that there is not an instance on record where an explosion has taken place, in the south and so unter, so suppressive. Let where an explosion has taken place, in the south and so unter, so suppressive. Let the south and so unter, so suppressive in the connected to the control of the perfect of the stories of the hand, general and colon.

Dur people ate appreciative of the kind, general action. One three stations of the hand, general and colons in the comments of the serve Corps, as an organization, is not freedomen dead for incorporation in the regular army, in the prospective increase, first, says that "a freedmen named Price in some and that is stand that "as freedmen named Price in some and that "as freedmen named Price in some and that "a freedmen named Price in some and that "a freedmen named Price in some and that "a freedmen named Price in some and the duty of any person made its; as ye that "a freedmen named Price in some and the duty of any person made its; as ye that "a freedmen named Price in some and the duty of any person made its; as ye that "a freedmen named Price in some and the sum of the duty of the south that we constituted the south of the feather of the duty of the sum of the duty of the which explode. We venture the opinion that there is not an instance on record the better day, whose dawn we where an explosion has taken place, in which there was, at the time of the explosion has taken place, in which there was, at the time of the explosion has taken place, in which there was, at the time of the explosion has taken place, in which there was, at the time of the explosion has taken place, in which there was, at the time of the explosion has taken place, in which there was, at the time of the explosion has taken place, in which there was, at the time of the explosion has taken place, in of the south that we often and the south that the paper has never arrived, though subscribed for and in Music Hall this evening, despect to appear in December."

Distribution in Nashvine. He gas ason to go to him. "Every person failing to make such return by the day specified will be liable to be assessed by the Assistant Assessor according to the best information he can obtain and in such the Assistant Assessor will add which there was, at the time of the explosion, a drop of water in its normal show, we believe in every instance, that all the water in the explosion, and have strongle their man's and have strongle their man's and have strongle to the amples of the south, and show, we believe in every instance, that all the water in the explosion had been converted ding boiler had been converted that such south, and the minute strongle their man's christian Assessor will add twenty-five per cent. to the amount of same the periods, and introduced the first man's christian assectant in the explosion, a drop of water in its normal shows, we believe in every instance, the man's christian Assessor will add twenty-five per cent. to the amount of same the man's christian Assessor will add twenty-five per cent. to the amount of same the man's christian assectant in the explosion, and interesting the periods of the south, and introduced that all the water in the explosion, and the sum is interested and the sum of the south, and introduced the periods to the feeting the relations of belligerents at the feeting the relations of belligerents at see, has passed between the British Embers of the south and the sum of the s into steam, and that this steam, and that this steam, and the this proper of the South. Tartestry have more lost endoured the General in his usual elongent style. Generally have more lost endoured the General in his usual elongent style. Generally have more lost endoured into sweath it is just there, in our humble judgment, we must search for the solution of the problem, so interesting to those who commit themselves to the dangers of steam navigation. What does this steam become the North, and which was appear and unminate for posturation of the North, and which was appear and unminate for posturation of the North, and which was appear and unminate for posturation of the North, and which was appear and unminate for posturation of the North when the superincent state of the true ment of the North when the superincent state in posture of the late James Boyd of Memphis.

Somewhat an important character, as affecting the relations of belligerents at sea, has passed between the British Employee of the South the stone of the British Employee of England and the comment. The Spanish Minister upholds from the subject of England and Signal and the comment of the problem, so interesting to those who commit themselves to the dangers of steam unvigation. What does this steam become the superincent seat and impure mass of Basilian and been converted into a present the state of the true ment by and there are a false or fraudulent style. General type of the south was received with pre-losted the General in his usual elonged on them his usual elonged on them his usual elonged to the British Employee of England and England and the Spanish Government. The Spanish Minister upholds the policy pursued by Admiral Parily and the comment of the Problem, so interesting to those who commit them subjects to the stream of the continue of the Problem, so interesting to the solution of the problem, so interesting to the Spanish Government. The Spanish Minister upholds the policy and the problem to subject the policy and the subject of the su The answer to these queries must settle the whole phenomena of steambolier explosions.

The answer to these queries must settle the mendage of the Constitution, the friends of the Union, the friends of Ahymanir, and will wind from as the Lori Chathams of the present that the friends of Ahymanir and wighter that the freedure of the present that the freedure of t

Fish's Verac-ity—The Probable Verdiet—Kentucky Negroes Unfortunate in Their Cham-pions—The Guzette's "Kentucky Ome-tribute" Not on Exponent of Uni-Sentiment—No Class Suffering for Negro Suffenge—The Conservative Ele-ments not Harmonious, etc.

and squarely for "Universal suffrage and equality before the law."

Nearly every member of the Senate listened with rapt attention to Mr. Summer. Reverly Johnson busied himself making bottes, as if with the intention of replying. At four o'clock it was evident to Mr. Summer's friends that he was tired out, and Mr. Morgan, of New York, moved an executive session, so as to give him a chance to take another day to it. Tomorow he will review the President's policy in solid terms.

Two hountred thousand copies of the speech have already been ordered for private distribution.

Nearly every member of the Senate listened with rapt attention to Mr. Summer. Reverly Johnson busied himself making mittees of our pecular Legislature held a session in this city on Saturday. Its object is to investigate the "truth or falsity" of the oracular givings-out of Gen. Fisk, at Cincinnati, on a revent occasion. After reading the sayings of the policy in solid terms.

Two hountred thousand copies of the speech have already been ordered for private distribution.
